Conyers School Careers Policy

Date: February 2023

Policy Review Cycle: Annually

Review Assigned to: Conyers Care Support and Guidance Committee

Introduction

Conyers School has a statutory duty (Education Act of 2011) to secure independent careers guidance ensuring that all registered pupils in Years 8-13 have access to independent, accurate and impartial information advice and guidance. We aim to meet the eight Gatsby Benchmarks for Good Career Guidance by maintaining a Compass tool score of more than 90%.

Governors recognise that to meet this statutory requirement we must ensure that the independent careers guidance provided:

is presented in an impartial manner

includes information on the range of education or training options, including apprenticeships and vocational pathways

is guidance that the person giving it considers will promote the best interests of the students to whom it is given.

Aims

Our aim at Conyers is for all students to achieve their personal best. In careers education, this translates as every student making informed choices for progression. We will support students in making such well-informed decisions by providing access to differentiated, impartial, independent information and guidance about the range of options (including academic, technical, and apprenticeships) that are most likely to help them to achieve their ambitions.

Conyers has high expectations for all of our students, including for our most vulnerable and those with special educational needs and disabilities, so that every student is challenged appropriately and acquires the knowledge, skills and attitudes for lifelong learning which are valued by employers. This will help every young person to realise their potential and enhance their employability.
